

## Floatplane to Taseko Lake with a day of Jetboating from Taseko lodge!

Arrive at Taseko Lake Lodge where you will be met with fresh morning coffee and other refreshments in their creekside coffee shop.

After this relaxing experience you'll embark on an exciting jet boat adventure 38 kms south on Taseko lake where Taseko and the Lord River flows into upper Taseko Lakes. Here you'll make a short stop at the large horseshoe sand beach.

The next leg of the journey will take you upstream on the completely wild Lord River, deep into the coastal mountains until you finally arrive at the southernmost tip of upper Lord Lakes where you will be treated with a landscape only few have ever laid their eyes on.

After ample time to relax, a return to the south Taseko horseshoe beach for lunch and a relaxing afternoon with paddle boarding and kayaking in the protected bay with its glimmering turquoise glacier waters from the surrounding mountains.

You can also enjoy a short hike to a nearby ridge which will give you a vantage point to view mountain goats and other wildlife and birds along with the opportunity to watch the resident Ospreys who return here every summer to raise their young.
